

FELLOWSHIP BIBLE

See Us on the Web

Marcos has added new audio files and documents you can hear at <https://www.legacybiblepodcast.com/>

Please pray for Marcos as he looks for a new apartment.

Updates made at our website at fbcjoliet.com

Send Prayer Requests

Look at the menu at the bottom of our homepage and see prayer requests. These requests will be forwarded to my email.

Please indicate in the prayer request that you want confidential and those you want shared with the congregation.

I will respond to each request and we will pray for you.

Books are Coming!

One of my favorite picture of Pastor Rains having a devotion on the Sea of Galilee in 1976. Is he somewhere in the Psalms?

What is New

Make sure to check out our website at fbcjoliet.com

There has been development and updates throughout the website. I have been taking sermons from the archive in 2014 and transcribing the audio messages into PDF files. You can find these PDF files under Chuck Rains, PDF sermons. They make for a very good read.

I like to point out one sermon, **The Good News of Easter** 4/20/2014. It is a excellent presentation of the gospel that you could share with your friends. As Pastor works through the gospel, he gives an invitation to accept Christ.

In Reeves Corner, there are also resources related to our studies in Colossians and other PDF files that you can read and download.

How are your devotions going

If you are reading through the Bible, keep track where you are at. Pick up where you left off and don't get discouraged.

I have been listening to UKNIV by David Suchet (Poirot) with an BibleGateway app you can download on your phone or visit online at biblegateway.com

Looking at the side menu - Reading the Bible you can choose the version of the Bible and the reader you want to hear. Good listening.

As you read a portion of the Bible for your devotions. Keep these two questions in mind:

1. What does it mean?
2. then what is God saying to me?

Two questions from Pastor Chuck Rains

Are you recovering

As we get older, there will be times when we have an illness or a hospitalization where we have to rehab our muscles to get moving again

Where to start? One Good place is with your physician who will give you information and support in getting active again. If you need special therapy, make sure you ask your doctor about that. You can also ask your physician about the following chair exercises for seniors below. I think you will find them helpful.

If you are able to do physical therapy, then follow through with them and let them see these sites. They would help you.
